[Intro]

G C G D  
(A soft breeze rolls across the highway line)  
G Em C D  
(Engine hums a lonesome lullaby)

[Verse 1]

G C G D  
I was driving out of Memphis before the break of day  
G Em C D  
Made a lefthand turn at a big old oak tree, I was free and on my way  
G C G D  
My future was in black and white, my past in shades of gray  
G Em C D  
I couldn't stay another day with you, I had to get away

[Verse 2]

G C G D  
From sundown to sun rising, I just kept on driving  
G Em C D  
My wandering soul finding watering holes, on whisky I's surviving  
G C G D  
Left a lot of bags behind me, some friendly and some not  
G Em C D  
Hoping to make new memories and find some good ones I forgot

[Pre-Chorus]

Am C  
Just a few bucks, eating at taco trucks  
G D  
Staring at maps that never lead to much

[Chorus]

G C G D  
Oh, thoughts of you, someone new I don't know who  
G Em C  
But I'd really like to know  
G C G D  
The road don't ask no questions, it just lets me go  
G Em C D  
So I just keep on driving 'cause I got no place to go

[Verse 3]

G C G D  
Gas station coffee, heartache on the dial  
G Em C D  
Dusty towns with names that made me smile

G C G D  
A waitress called me "darlin'" in a voice that healed a bit  
G Em C D  
She said, "Sometimes moving on is the best place you can sit"

[Bridge]

Em C G D  
I ain't chasing dreams, I'm outrunning ghosts  
Em C G D  
Trading heartaches for highways and prayers for hope  
Em C G D  
You were a chapter I had to let fade  
Em C G D  
Now I ride the lines I never thought I'd brave

[New Verse]

G C G D  
Then the sun came up on this little town  
G Em C D  
Gas station, corner store, not much else around  
G C G D  
Just the kind of town you'd pass on through  
G Em C D  
I was cruising on then I saw you  
G C G D  
An old torn shirt, a pair of worn out jeans  
G Em C D  
The prettiest sight I'd ever seen  
G C G D  
I know that I found paradise  
G Em C D  
'Cause I can see it in your eyes

[Outro]

G C G D  
(Keep on driving...) But now I know where to go  
G Em C D  
(Keep on rolling...) Found a heart that feels like home  
G C G D  
(Highways led me here somehow)  
G Em C D  
And I ain't driving lonely now
