Stacked Chord Chart (Guitarist/Performer Version)

[Intro]

Em C
I want to be wanted by you,
G D
not just a passing lover who's new.
Em C
Somebody real, not someone you knew,
G D
baby, don't let me die out.

Em C
You move through hearts like a change of weather,
G D
never stopping long enough to feel.
Em C
I'm still standing where you left your shadow,
G D
half-alive, but reaching for something real.

[Verse 2]

Em C
You drift through faces, chasing spark,
G D
escaping from love before it starts.
Em C
You relish the shell, never knowing the heart,
G D
I am the smoke unseen in the dark.

Em C
You smile like nothing's ever wrong,
G D
but emptiness hums in that deeper song.
Em C
And I'm still here, if you'd just reach out,
G D
always near, yet we're so far apart.

[Verse 3]

Em C
Even the guilty get their names in lights,
G D
their faces nailed to every wall.

Em C
I've done no crime but loving you,
G D
and no one's seen me at all.

Em C
On empty streets where shadows ling-er,
G D
I'm a stranger, alone in the crowd,
Em C
dreaming of eyes that seek me out,
G D
and a voice to speak my name aloud.

[Verse 4]

C G
I want to be wanted for real,
D Em
not just to fill a lonely night.
C G
Why can't you see me or feel what I feel?
D Em
You're gone with the morning light.

Em C
Love is fleeting, so it seems,
G D
Leaving whispers, not leaving a mark.
Em C
I'm half-awake, just wanting to dream,
G D
A faint light flickering through the dark.

[Bridge / Outro]

Em C
I'm not alone, I just want you near
G D
You're so close but look right through...me
Em C
If you would open your eyes and see
G D
I'd bring you love without fear

Em C
I want to be wanted by you,
G D
I just want to be wanted by you,
Em C

I want you to want me so

G

D

Em

but I doubt you'll ever know
